**Learn How to Provide Immediate Care in
Emergency Situations Before the
Professionals Arrive. It Could Save a Life!**

Long Island Community Hospital & the Bayport Blue Point Chamber of Commerce are proud to bring the community some important life saving techniques that could make the difference for you or a loved one in crisis.

- CPR & AED - Demonstrations
- Narcan Training - For opioid overdose
- Stop the Bleed - Instructions on how to use tourniquets and packing wounds to stop excessive bleeding
- Stroke Signs & Symptoms - Know the warning signs
- Hurricane Preparedness - Be sure you're Red Cross ready!
- Bicycle Helmet Safety - How to pick the right helmet
- Fire/Smoke/Carbon Detector Safety -Tip sheets
- Resource Table - Find out what resources are available for emergency situations
